[The Summer My Father Was Ten](#) Nov 14 2021 In this touching book with a moral message, a child retells the story of her father's youth when an impromptu baseball game gets out of hand and some unthinking boys end up destroying an old man's garden. Every year my father and I plant a garden. Tomatoes, peppers, onions, marigold, and zinnias grow in neat, straight rows...and every spring my father tells me about Mr. Bellavista and the summer my father was ten. That was the summer a boy lost a baseball under a tomato plant in Mr. Bellavista's garden. And someone tossed a tomato back instead of the baseball. A lively battle took place, which seemed like great fun at the time, but in the end, Mr. Bellavista's garden was ruined. In a touching story of one boy's efforts to make amends, we see the rebuilding of a garden and the forming of a relationship across generations. With luminous, beautifully detailed watercolors, this excellent book for the whole family shows how we can turn our mistakes into some of life's greatest moments.

**In my father's garden** Jan 17 2022 Winner of the 2005 AKO Literatuurprijs - a true Dutch bestseller Translated by Liz Waters Throughout his long career Jan Siebelink has brought to life dozens of characters, yet never before has he come as close to his own roots as in this new novel. In *My Father's Garden* is the gripping story of a father-son relationship, in which the father becomes obsessed by a fire-and-brimstone Calvinism. Hans Sievez has a profoundly religious experience at a decisive moment in his life. He is convinced he has been in direct contact with God. During the ensuing quest for eternal life, he loses control over himself, and his contact with his surroundings. This ultimately threatens his marriage and his relationship with his two sons. The local Calvinist congregation increases its power over him. Jan Siebelink describes the battle of a man who is no match for the irrational persuasions of faith. *My Father's Garden* is a moving novel of a love that is gradually overwhelmed, but will never disappear. 'In Dutch I have never read a novel so pure and therefore written so well. He deserves all the prizes we have this year.' -Vrij Nederland

**My Father's Hands** Jun 09 2021 A man working in his garden finds a delicate worm, a beetle in shining armor, and a leaf-green mantis and shares these treasures with his young daughter. "Lovely double-page, impressionistic oil paintings...provide a picturesque setting for this simple, straightforward description of a special parent/child outing."--School Library Journal.

**My Father's Garden** May 21 2022 There are multitudes of books written on self-image that are not necessarily causing the reader to understand the "God-image" that we were created in. Due to a "Father Image" problem, *My Father's Garden* pursues and uncovers the top layers of falsehood that veil our hearts to the truth in defense of our so great salvation and am passionate about showing people the beauty of who we were created to be in the garden, who we were when we were with God, our real Father, before we came to earth. As the readers relax to enjoy the stories that surrounded the relationship between the author and her Step-Father, they will see the common thread that binds our Heavenly Father to us as his own children; the intermingling of the scriptures the reveal the spiritual application of those stories; and a sequence of events that tell the good, the bad, the ugly and the great! It is filled with emotion and sharp reality of what the step-father/child relationship goes through and it ends with a purpose, our own relationship with our Creator. The culmination of that relationship forms a oneness that leads us back to the eternal garden. The reader will see how our own deity within constantly reaches towards the deity of God to take us out of the garbage piles of the world and transform us into flower gardens, the process being a revelation I received when my father actually gave me a project of turning a garbage dump into a flower garden.

[My Father, Dancing](#) Mar 26 2020 In this beautiful debut collection of stories about relationships between men and women--daughters and fathers in particular--the dads emerge as charismatic, seductive, and brilliant men who loom large in their homes. Broyard's unsentimental prose captures the passages of daughters as they grow into young women.

**In My Father's Garden** Sep 24 2022 Kim Chernin's mother was a leftist firebrand, an American Marxist at mid-century, when it was dangerous to be one. Her father, a quiet man, was no less radical. Why then, decades later, does their daughter--a liberal California psychoanalyst and writer--find herself drawn toward a spirituality that would have shocked her parents? Through three personal stories, Chernin tackles the questions that pull at all of us: how to make sense in a world whose order

isn't always apparent, and how to find balance between the mind and the spirit. "Kim Chernin writes with immediacy and intimacy."--City Life, London.

**Papadaddy's Book for New Fathers** May 09 2021 "Edgerton is so, so funny. He captures the rainbows, cheap thrills, and irritating potholes of parenting with splendid understatement."--Library Journal (Starred Review) After three decades of being a father, Clyde Edgerton-with four kids ranging in age from six to 30-is supremely qualified to give tips to dads of all ages. His fathering advice, pre-birth through schooling, involves plenty of his trademark humor, but also sound guidance enhanced by his training and experience as an educator. Papa Edgerton suggests that on occasion a father might forego reading and just point to the pictures of dogs and cats in baby books, and also that he might place a blanket on the lawn, lie on his back with the whole family, and watch Sky Television. Edgerton's humorous and helpful counsel will guide new parents on interacting with in-laws and coping with sleep deprivation, while also providing strategies for recovery after you've cursed in front of a mimicking baby. "If you don't feel apprehensive just before your first child is to arrive, you are abnormal," writes Edgerton. Yet by way of his experience, observation, and imagination, he provides caution and pure joy in equal measure.

**In My Father's Garden** Feb 27 2023 This memoir is a heartfelt and touching portrait of a father and son overcoming their estranged past through a shared passion for gardening. In My Father's Garden is a wise and moving account by award-winning essayist and journalist Lee May of reestablishing his relationship with his father after 39 years of separation. On a scorching June day in 1989, May cautiously made his way up a concrete walkway to the porch of a small house in Meridian, Mississippi. There in a porch chair sat his father, bent and gray at 80 years of age. The reunion was awkward, the conversation halting-until father and son walked around the house to the garden and stood before the immaculate rows of beans, peas, tomatoes, okra, peppers, potatoes, and squash. May, himself a devoted gardener and nationally known writer on the subject, was immediately delighted and appreciative; in those fertile rows lay their common ground. The two men would build a new relationship out of their shared love of the earth and its fruits-both metaphorical and literal. Self-sufficiency, the appreciation of natural beauty and chance, respect for all growing, living things-these, they would agree, are the lessons that gardening teaches. First published in 1995 to critical acclaim, In My Father's Garden offers a universal message of hope for broken or empty human relationships. As May's father says, "It's a risky run any way you go. If you fail, just plant again." The University of Alabama Press is proud to add this volume full of grace and homespun wisdom to its Deep South Books collection.

**The Curious Incident of the Dog in the Night-Time** Apr 07 2021 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

***In My Father's Garden*** Jan 23 2020 A whimsically illustrated book of short fiction, telling tales about the creatures that visit the garden. A crow, a bald eagle, a family of hummingbirds, a meddlesome busybody, and even pirates come to cause trouble. The author, her father, and their dog rise to the occasion *In My Father's Garden*.

***The Secret Garden*** Jul 11 2021 A ten-year-old orphan comes to live in a lonely house on the Yorkshire moors and discovers an invalid cousin and the mysteries of a locked garden.

***Founding Gardeners*** Dec 16 2021 From the bestselling author of *The Invention of Nature*, a fascinating look at the Founding Fathers like none you've seen before. "Illuminating and engrossing.... The reader relives the first decades of the Republic ... through the words of the statesmen themselves." —The New York Times Book Review For the Founding Fathers, gardening, agriculture, and botany were elemental passions: a conjoined interest as deeply ingrained in their characters as the battle for liberty and a belief in the greatness of their new nation. *Founding Gardeners* is an exploration of that obsession, telling the story of the revolutionary generation from the unique perspective of their lives as gardeners, plant hobbyists, and farmers. Acclaimed historian Andrea Wulf describes how George Washington wrote letters to his estate manager even as British warships gathered off Staten Island; how a tour of English gardens renewed Thomas Jefferson's and John Adams's faith in their fledgling nation; and why James Madison is the forgotten father of environmentalism. Through these and other stories, Wulf reveals a fresh, nuanced portrait of the men who created our nation.

***In the Father's Garden*** Nov 26 2022 The sharing of feelings and emotional pictures in words that some would call poetry has been a part of my life for a long time. I have to admit I haven't done much with it until God's Spirit in me began in recent months to draw me into the Father's Garden. He spoke to my heart and mind, that His Garden is always open to His children. This place""on the sofa of my living room""became, for me, the Garden entrance each day. This was where God's Word and my life's experiences came together as the Lord began to express His Heart to mine in our time together in the Garden. What you have in hand now is a gallery of the Lord's, downloading each day of His love and desired companionship, not only to me but to you as well. My desire is that not only will you be encouraged by the sharing of God's Heart through this devotional poetry and special pieces I call "My Redeemers Heart, to My Heart, to Your Heart," but for you to enter into the Father's Garden yourself. Be blessed in Him as you do. To visit the author's website, click here.

***The Cement Garden*** Mar 07 2021 Orphaned siblings create a macabre secret world for themselves in this "irresistibly readable" novel by the New York Times bestselling author (The New York Review of Books). This "powerful and disconcerting" novel by the Booker Prize-winning author of *The Children Act* and *Atonement* (The Daily Telegraph) tells the story of a dying family who live in a dying part of the city. A father of four children decides, in an effort to make his garden easier to control, to pave it over. In the process, he has a heart attack and dies, leaving the cement garden unfinished and the children to the care of their mother. Soon after, the mother too dies and the children, fearful of being separated by social services, decide to cover up their parents' deaths: they bury their mother in the cement garden. The story is told from the point of view of Jack, one of the sons, who is entering adolescence with all of its attendant curiosity and appetites. Julie, the eldest, is almost a grown woman. Sue is rather bookish and observes all that goes on around her. And Tom is the youngest and the baby of the lot. The children seem to manage in this perverse setting rather well—until Julie brings home a boyfriend who threatens their secret by asking too many questions. "[A] beautiful but disturbing novel."—The AV Club "McEwan's evocative detail and perfect British prose lend a genteel decorum to the death and decay that surround the family."—The New Yorker

***The Grey Woman*** May 28 2020 Anna, a German mill-owner's daughter, marries a French aristocrat and moves to France. She discovers that her husband killed his previous wife and that he is trying to kill her as well. Quick, intriguing, and with an extremely interesting plot, 'The Grey Woman' (1861) is a short story by Elizabeth Gaskell for anyone who enjoys a good gothic shudder. Incredibly progressive for its time, it is about the survival of the ill-treated woman who has decided that enough is enough. Elizabeth Cleghorn Gaskell (1810-1865) was an English novelist, short story writer, and biographer, best known for her novels 'North and South' and 'Wives and Daughters' as well as her biography of Charlotte Brontë. Gaskell was viewed as a minor author until the 1950s where it became evident that her depiction of industrial environments and social problems was brilliant and poignant.

**The Book of Fathers** Sep 12 2021 When in 1705 Kornell Csillag's grandfather returns destitute to his native Hungary from exile, he happens across a gold fob-watch gleaming in the mud. The shipwrecked fortunes of the Csillag family suddenly take a new and marvelous turn. The golden watch brings an unexpected gift to the future generations of firstborn sons: clairvoyance. Passed down from father to son, this gift offers the ability to look into the future or back into history—for some it is considered a blessing, for others a curse. No matter the outcome, each generation records its astonishing, vivid, and revelatory visions into a battered journal that becomes known as *The Book of Fathers*. For three hundred years the Csillag family line meanders unbroken across Hungary's rivers and vineyards, through a land overrun by wolves and bandits, scarred by plague and massacre, and brutalized by despots. Impetuous, tenderhearted, and shrewd, the Csillags give birth to scholars and gamblers, artists and entrepreneurs. Led astray by unruly passions, they marry frigid French noblewomen and thieving alehouse whores. They change their name and their religion, and change them back. They wander from home but always return, and through it all *The Book of Fathers* bears witness to holocaust and wedding feast alike.

**My Father's Garden** May 01 2023 Spanning half a life, *My Father's Garden* tells the story of a young doctor--the unnamed narrator--as he negotiates love and sexuality, his need for companionship, and the burdens of memory and familial expectation. The opening section, 'Lover', finds him studying medicine in Jamshedpur. At college, he discovers an all-consuming passion for Samir, a junior, who possesses his body, mind and heart. Yet, on their last morning together, when he asks Samir to kiss him goodbye, his lover tells him, 'A kiss is only for someone special.' In 'Friend', the young doctor, escaping heartbreak, finds relief in Pakur where he strikes up an unusual friendship with Bada Babu, the head clerk of the hospital where he is posted. In Bada Babu's house, they indulge a shared love for drink, delicious food and convivial company. But when government bulldozers arrive to tear down the neighbourhood, and Bada Babu's house, the young doctor uncovers a sordid tale of apathy and exploitation--and a side to his new friend that leaves him disillusioned. And in 'Father', unable, ultimately, to flee the pain, the young doctor takes refuge in his parents' home in Ghatsila. As he heals, he reflects on his father--once a vital man who had phenomenal success at work and in Adivasi politics, then an equally precipitous downfall--and wonders if his obsessive gardening has anything to do with the choices his son has made. Written with deep empathy and searing emotional intensity, and in the clear, unaffected prose that is the hallmark of Hansda Sowvendra Shekhar's style, *My Father's Garden* marks a major talent of Indian fiction writing at the top of his form.

My Father's Gardens Apr 19 2022 *My Father's Gardens* is the story of a young girl who comes of age in two languages, and on two shores, between warring parents and rules that change depending on the landscape and the proximity of her mother. Struggling to find her voice and her place in the world as a result of her frequent travels between her native Israel and the United States, she feels that she must choose a place to call home. As her scenery alternates between warm Mediterranean and snow capped mountains, loud-mouthed Israelis and polite Americans, so do her loyalties: Is she more Israeli or American? How will she know when she has arrived? And while she chooses she is slowly transplanting bits of her father's gardens on foreign soil.

**In My Father's Garden** Jul 23 2022 The importance of spending time with the Father For the true believer it is of utmost importance to spend time with our Father. Spending time with God allows one to experience moments that one may rarely encounter. In God's presence we are changed for the better and only He gets the glory. "You make known to me the path of life; in your presence there is fullness of joy; at your right hand are pleasures forevermore" (Psalm 16:11 ESV). The Christian lifestyle is based upon a relationship with our Father through his only begotten Son, Jesus the Christ. The more hours and days spent with him develops a solid relationship that are built on a firm foundation. As Christians one must be intentional about the way one manages one's time. The same way we invest time with our loved ones, friends, and acquaintances, is the same way we get to know God better. When we stay focused and keep our mind on him, he promises to keep us in perfect peace. Having a heart for God will allow one to understand the purpose and plan that He has for one's life. It is imperative for the Christian to understand that the sole purpose of spending time with the Father is to get to know him. Knowing God intimately makes way for the believer to conform to his image. The garden is a significant place to meet God. It was the first place that he placed humankind to develop. In my father's garden there is a tone to re-establish an atmosphere for a connection or a reconnection with God. The garden of Eden was to be an earthly paradise occupied by humankind. God desires that same relationship with the modern-day Christian. "Consequently, he is able to save to the uttermost those who draw near to God through him, since he always lives to make intercession for them" (Hebrews 7:25 ESV).
